

Select English, London is situated in Crystal Palace in the southeast of London. Crystal Palace is a charming residential area of London. There are plenty of shops, cafes, restaurants and pubs within easy reach of the school. It is also very green with plenty of trees and parks. Crystal Palace is the highest point in south London and offers amazing views over the capital.

Crystal Palace takes its name from the famous building that housed the 'Great Exhibition' in 1851. A fire destroyed the Crystal Palace in 1936, and today, near the site of the Crystal Palace, stands the National Sports Centre whose extensive facilities attract sportsmen and women from all over the world.

Crystal Palace offers a perfect study environment for anyone who wants to experience London but be located in peaceful surroundings and live in the proximity of the school. The school residence is two doors from the school and all our homestay accommodation is either within walking distance or only a short bus ride away.
