

# WELCOME TO WINTER ON THE GOLDIE!

For us here on the Goldie, it's now the start of winter and being our drier season, the sun's shining brightly and there's plenty of great things to do. Just a reminder of our average temperatures for this time of year: **Daytime temp: 22C; Min temp: 12C**

Perfect for getting outdoors and enjoying everything the Gold Coast has to offer!

Inforum's top tips for enjoying winter on the GC:

1. Long walks on the beach in the morning or evening.
2. Having a beer at Mick Fanning's (World Surfing Champ's) brewery, Balter.
3. Climbing Burleigh Heads and enjoying the perfect views up and down the coast.
4. Enjoying free festivals like Blues on Broadbeach and Cooly Rocks On (this week).
5. Getting down to either Miami Marketta or Helensvale Night Quarter each Friday and Saturday night to enjoy the food, music and craft beer.
6. Watching the annual State of Origin rugby league series between QLD and NSW, either with your homestay or at a mate's house.

Climbing the hill at Burleigh Heads and enjoying the views towards Surfers Paradise and Southport is a great way to spend a winter's day on the Goldie!!!
